

Sump Pumps

## 53

### Features:

- 3-year warranty
- 2-pole mechanical switch
- 3/10 Hp 115V
- Performance up to 19.25'
- Flows up to 43 GPM (163 LPM)
- Cast iron switch case, base, motor & pump housing
- Engineered thermoplastic base
- Corrosion-resistant, powder coated epoxy paint

## 267

### Features:

- Split phase or 3 phase
- 1/2 Hp 115-460V
- Performance up to 21.5'
- Flows up to 128 GPM (484 LPM)
- Cast iron cap, motor housing, and pump housing
- Cast iron or engineered plastic base
- Non-clogging vortex impeller
- Corrosion-resistant, powder coated epoxy paint

## 30-0181

1 1/4" - 1 1/2" Slip x Slip Union

### Features:

- Flapper bends over a radius, no sharp 90° edges
- Can be installed on vertical or horizontal line
- Stainless steel clamps with zinc screws
- Designed to reduce water hammer

## 30-0151

2" Cast Iron Slip x Slip Union

### Features:

- Full 2" flow design
- Can be installed on vertical or horizontal line
- Slips over PVC, steel pipe or copper piping
- Reduces motor and pump noise
- Corrosion-resistant powder coated epoxy finish
